

NEW RECIPIENTS
CME BRANCH COMMENDATION

The CME Branch Commendation recognizes the outstanding contributions of members and friends of the CME family. The most recently honoured members are:

Certificate No 016 – Presented to Maj D.W. Dubois, CD

In recognition of his unwavering leadership and dedication towards the reconstruction and development projects as the Chief Engineer for Regional Command (South) Headquarters in southern Afghanistan

Col R.K. St. John (Ret'd) (on the right), Colonel Commandant of CME is presenting Maj D.W. Dubois with a CME Branch Commendation certificate at the National Capital Region CME Fall Mess Dinner in Ottawa on 20 November 2008.

Certificate No 017 – Presented to Col J.K. Tattersall, CD

Over a period of four years as J3 Engineer Operations, CME Branch Advisor and Commander OS Engineer Group, Col Tattersall's support and leadership in the CME Branch has been exemplary. As the CME's voice for CF Transformation, his stewardship of all CME trades enabled Engineers to be effectively harmonized within the new operational commands which served as a model for other support functions. As Branch Advisor he established and advocated for the right balance between Professional Engineer and the Profession of Arms, while at the same time finding the balance between technical and tactical competencies for all engineer trades. His efforts in development of a Joint, Combined, Whole of Government environment has brought great credit to the CME, to the Canadian Forces and to Canada.

Col R.K. St. John (Ret'd) (on the left), Colonel Commandant of CME is presenting Col J.K. Tattersall with a CME Branch Commendation certificate at the National Capital Region CME Spring Mess Dinner in Ottawa on 24 April 2009.
