

CANADIAN FORCES CHIEF MILITARY ENGINEER CHANGE OF APPOINTMENT CEREMONY

MGen D. Benjamin, CMM, CD has been appointed the new Canadian Forces Chief Military Engineer. He has assumed his new responsibilities during the Change of Appointment ceremony that was presided over by LGen J.C.M. Gauthier, CMM, MSC, CD (Senior Serving Engineer) held Thursday 9 July 2009 at NDHQ, Ottawa. The CF Chief Military Engineer is the senior CF Advisor and technical authority over all military engineering issues. As such, he is responsible for the provision of strategic-level military engineering advice for the CF, including strategic-level force development, and for the provision of overall coordination of engineering activities with the environments and operational commands.
