

The 22nd annual Dave Lamont Memorial Golf Tournament

The morning of May 23rd supplied the members and associates of the Mapping and Charting Establishment with a beautiful day to participate in the 22nd annual Dave Lamont Memorial Golf Tournament. The 22nd annual Dave Lamont Memorial Golf Tournament was renamed to its current title in 2006, in honour of the late Sgt. Dave Lamont, who passed away from cancer in 2004. The tournament was hosted at Hylands Golf Course and had 126 "golfers" and 12 volunteers, whose hard work helped to raise \$2,225 for CHEO this year and \$28,225 over the last 22 years that MCE has organised it. At the end of the round, the rain started to come down. If we couldn't take the hint from our punishing scores, Mother Nature made sure that we knew it was time to quit. We then enjoyed a good meal during the awards presentations. It was a very successful day in terms of charity and morale.
