

## **BIOGRAPHY**

### **Captain Jean-Bruno Tremblay, MMM, CD**

After 41+ years of loyal and dedicated service, Capt. Jean-Bruno Tremblay will retire from the Canadian Armed Forces on 09 Feb 2015.

Captain Jean-Bruno Tremblay enrolled at CFB Saint-Jean in September 1973. After a few years of technical training as Radar and Refrigeration Technician at CFSME Chilliwack, language training in Borden, a short posting to CFS Barrington N.S. then he continued on to CFS Mont-Apica, Québec. There, he spent three full years gaining valuable experiences and career courses, culminating in 1978 with the wedding to his current spouse, Johanne Bouliane. He is the father of two wonderful children, Veronique and Raphael.

From Mont-Apica, Captain Tremblay was posted to CFS Masset BC, until 1981. Promoted to the rank of Sergeant he returned to Mont-Apica where he supervised the refrigeration workshop and supported the station in its various community activities. In 1983, he was posted to CFB Montreal, where he changed his career path and joined Construction Engineering as a contract supervisor. Promoted to the rank of Warrant Officer in 1984, he took over supervision of the Base Engineering Branch's mechanical workshops until his transfer to CFB Gaagetown in July 1987.

After graduating from the Canadian Forces School of Military Engineering superintendent course in 1988, Captain Tremblay, having been promoted to the rank of Master Warrant Officer, served as assistant to the Utility Officer until June 1991. He then proceeded to CFB Toronto as Base Utility Officer and was promoted to the rank of Chief Warrant Officer. In Toronto, he served at several levels before being posted to CFB Valcartier in summer 1995 to perform the same duties. Transferred to 1 CAD Winnipeg in July 1998, he served as senior manager (LCMM) for all Canadian radar installations and aircraft arresting systems within the RCAF.

In summer 2002, Captain Tremblay was posted to the Canadian Embassy in Belgrade, Serbia as Mission Property Management Officer and Engineering Advisor to the Department of Foreign Affairs. In July 2004, Captain Tremblay joined the 5 Area Support Group Engineer Branch in Montreal as LFC Senior Engineering CWO. Captain Tremblay deployed in Serbia and in Afghanistan where he commissioned to Captain In July 2007. He served at ASU St-Jean and Montreal until his posting to NDHQ Ottawa in Aug 2009. He has been serving in the NDHQ area as Assistant Chief of Staff for ADM IE, project director and as the CA Utility Officer under DLI to the present time.
